TWO ONLINE ACADEMIC RTI (RELATED TECHNICAL TRAINING) PROGRAMS

1
2

Win/Win Benefits for Both the Employee and Employer

A free college education pathway for the employee.

A 13 Credit Academic Certificate in Precision Machining Technology or a 18 Credit Academic Certificate in Industrial Maintenance Technology.

A journeyperson certificate from the United States Department of Labor.

NIMS (National Institute for Metalworking Skills) certifications.

Online training; therefore, the employee can participate on their time and at their pace.

Delivered at no cost to the employer partner.

\$4000 paid to the employer partner per registered employee
